Brian, wondering if you or another senior manager should be attending the periodic meeting coming up in a few weeks. I have a feeling it could turn bad real quickly. Vivian is going from here with Randy. I am out of town tomorrow and Friday but back Monday. Roy

This came in from Colorado today. It appears by following the link below that there's no longer any reason to keep the fact that this is driven by an allegation that we can't discuss with Colorado. The allegor has splashed it all over the media...including a copy of the actual resolution document.

Something tells me this is not going to be an enjoyable Periodic Meeting.
