Re: Notification of Remobilization to the Alameda, CA Site under Nuclear Materials License Number 05-27748-01

Dear Regional Administrator:

MACTEC Development Corporation (MDC) is providing written notification to keep the NRC informed concerning site activities associated with work at a temporary job site: IR-1 and IR-32 Sites, NAS Alameda, Alameda, California. Work will be conducted from July 20th through July 27th.

A previous letter on February 12, 2012 was sent to the NRC informing the NRC of our initial activation of licensed activities at this site. The activities to be conducted and the radiological quantities and potential hazards remain the same as those stated in the February 12th letter. The Site RSO for this work activity will be Alex Lopez, AMEC Senior Health Physicist. Alex can be contacted while on the site through his cell phone at 970-778-0449.

MDC has also contacted Mr. Richard Haleem, Radiologic Health Branch, California Department of Public Health, informing him of our remobilization.

If you have any questions regarding this notification, please call me at (970) 243-2861.

Sincerely,

A handwritten signature in blue ink that reads "P Collopy".
