Hello,

Scott signed the package.

Tony, you can pick the package up from the DSEA's front office.

Thanks.

Bruce,

Scott already signed the MOA, but he still has the package because he made a minor edit to the ACHP cover letter, which I made and gave back to him, so he should sign it. I'm tired of bugging him about it, so maybe you could mention it to him when you see him. We need to get that mailed out and get everybody to sign it a.s.a.p.

Thanks,
John

John,

Martha approved the changes, so go ahead and have Scott sign it and send it out.

Brian,

Sorry if I'm being a pest, but I'd really like to get Scott Flanders to sign the MOA today if at all possible so I can get it in the mail. –I'll be out tomorrow, and will be extremely busy with another project next week. Dr. Nixon called to say he will sign again.

Thanks,
John

Randy,

Just talked to Scott Flanders, who said he will sign first, but I'm waiting for a return phone call from Brian Grennell & Dr. Nixon to be sure they're ok with the changes (and will sign) so we don't have to go through this again. As soon as I get their assurance, I will mail you the MOA with NRC's signature so you can mail it to Dr. Nixon, who can mail it to Brian, who can then (PDF and) mail it back to me.

Thanks,
John

Randy,

Our attorney said an e-mail reply as proof of concurrence is acceptable since the changes are minor and the signature page has not changed.

John,

I am consulting with our attorney on the proper way to handle this situation. I will let you know. How have others who have signed responded? thanks.

(See attached file: Fermi1 MOA 1-17-12 per Fringer-Grennell phoncon--revised by NRO DD 2-27-12.docx)

Brian, Randy, and Dr. Nixon,

Would you please review these edits (in Track Changes on p. 2 of the attached) made by Scott Flanders, our Division Director, and reply via e-mail if you agree with the changes and are ok with using your signature on the page you already signed? If so, I can probably get Scott's signature quickly because our attorney has already concurred on the changes.

Thanks and sorry for the inconvenience.

Sincerely,

John

Hi John,

We received the copies of the MOA that was signed by the DTE and the Monroe Co. Community College, but the NRC has not signed it yet. Should we expect fully executed copy that is signed by the NRC?

Thanks,
