Peter,

In response to our phone call with UniStar a few weeks ago, they have provided a correction to their FSAR (Rev. 8) figures 8.3-1. The revised FSAR mark up is included in their letter with ADAMS Accession Number **ML12202A067**, dated July 17, 2012. Basically, UniStar has removed the changes on this FSAR Figure done during Rev. 8 and brought this figure back to the Revision 7 level. They agreed that the changes done were wrong and should not have been done. Please review the mark up and check if that makes it consistent with your thoughts. Please let me know if you are happy with it. If not, we will discuss with them again in one of my Monday Project Status phone calls with UniStar.

Please send me an email to provide your findings. Make sure to copy the email to **CCNPP3COL Resource** also – that is my hearing file folder for the project.

The UniStar letter forwarding the revised Figure can be accessed in ADAMS by following this link: [Open ADAMS P8 Document ML12202A067](#)

Judith,

Note that the above UniStar letter is not against any RAI.

Thanks.
