Subject: FW: Calvert Cliffs Nuclear Power Plant, Unit 3 - Response to RAI 356

UniStar's letter with ADAMS Accession Number **ML12201A252**, dated July 16, 2012, provides a response date of December 6, 2012, for responding to Question 03.04.01-1 of your RAI Number 356 (eRAI 6520). Please note the response date. I am assuming that this response date should not have any impact on the current EPM published date for completion of the SER input from your branch to the projects branch because this RAI was basically issued to create an open item in the SER. If you think that my assumption is not correct, please let me or the chapter PM (Mike Miernicki) know immediately.
