UniStar's letter with ADAMS Accession Number **ML12199A151**, dated July 13, 2012, provides a response date of December 6, 2012, for responding to Question 03.09.05-1 of your RAI Number 355 (eRAI 6522). Please note the response date for your RAI question. I am assuming that this response date should not have any impact on the current EPM published date for completion of the P2 SER input from your branch to the projects branch because this RAI was basically issued to create an open item in the SER. If you think that my understanding is not correct, please let me or the chapter PM (Mike Miernicki) know immediately.
