Michelle, Thanks for your phone call and email, at this time there may be a change to this and someone else may be taking over this responsibility. I need to check with my chain of command to see if they want me remaining as the contact or to get the change done. I will get back to you with confirmation on way or the other as soon as possible.

Dear Sergeant Elwell,

Per my voicemail, the U.S. Nuclear Regulatory Commission (NRC) is updating information for designated State contacts that receive advance notification of certain shipments of nuclear waste and spent fuel.

You are currently listed as the Nebraska contact for such notification. Please confirm by return email that you are still the State official to receive such advance notification, and that the contact information below is still correct:
