

NOTE: The static water level surface depicted on the cross sections and the potentiometric contours depicted on the index map are based on Figure 3.7-8, which was prepared using all water level measurements collected during the May 2011 alluvial drilling program except the water level recorded at DB11-3-ALLUV-2, which is believed to have been recorded in error. Potentiometric contour elevations are in feet above sea level.

Cross Section Legend

- Silty Clays (Alluvium)
- Sand & Gravel (Alluvium)
- Gravelly Group
- Static Water Level Elevation from Potentiometric Contour Map (see note)

Index Map Legend

- Project Boundary
- Land Application
- Alluvium
- Perimeter Creek
- Potentiometric Contour (see note)
- Burdock PDP (see note)
- Catchment Areas
