Dear Dr. Paz:

I am responding to your letter of July 2, 2012, to Dr. Allison Macfarlane, Chairman of the U.S. Nuclear Regulatory Commission (NRC). I want to thank you for your continuing interest in the Nation's program to manage the safe disposal of spent nuclear fuel and high-level waste and for your numerous letters calling attention to aspects of the U.S. Department of Energy's (DOE's) application to construct a geologic repository at Yucca Mountain, Nevada, that you find problematic. Your views will be considered to the extent applicable in whatever future actions are taken by the NRC with respect to the DOE license application.

Again, we appreciate your contributions to the continuing dialogue on the regulation of the proposed repository at Yucca Mountain.

Sincerely,

/RA/
