Subject: Application for Amendments to Import License IW022 Amendment 01 and Export License XW012 Amendment 01

Dear Ms. Doane:

Perma-Fix Northwest requests a minor license amendment to the above specific import license to authorize the import of potentially radioactively contaminated material from Canada to Perma-Fix Northwest in Richland, Washington for processing under Perma-Fix Northwest's Washington licenses. Perma-Fix Northwest also requests a minor license amendment to the above specific export license to authorize the export of radioactive waste generated from this processing to the extent necessary back to Canada.

Changes that are asked for in the amendment request for IW022 Amendment 01 includes a name change of Zircotec Precision Industries, Inc. to Cameco Fuel Manufacturing at the same address. In addition to this, two more Cameco facilities are requested to be added to this license as Canadian suppliers. These minor amendment changes and additions would also be needed for license XW012 amendment 01. All other conditions of these pertinent licenses are unchanged.

Form 7 is attached. We are enclosing a check in the amount of \$2,800 to address the fees for two applications specified in 10 CFR 170.31, Category 15 R for minor amendments.

If you have any questions or need additional information, please do not hesitate to call me at 865-342-7610 or e-mail to phickman@perma-fix.com.

Sincerely,

Paul M. Hickman
