In the Matter of
Exelon Generation Company, LLC
(Limerick Generating Station, Units 1 and)
Docket Nos. 50-352-LR / 50-353-LR

Dear Administrative Judges:

Pursuant to 10 C.F.R. §§ 2.1203 and 2.336 and as modified by the Atomic Safety and Licensing Board's ("Board") Initial Scheduling Order dated May 7, 2012, the staff of the Nuclear Regulatory Commission ("Staff") is providing an index (Attachment 1) identifying documents subject to disclosure under the Board's Order. Attachment 2 logs documents that are protected by the deliberative process privilege. Attachment 5, the Declaration of Brian E. Holian, formally invokes the deliberative process privilege for those documents listed in Attachment 2. Attachment 3 logs documents that are proprietary.

On or about August 1, 2012, the materials listed in Attachment 1 may be accessed through the Agencywide Documents Access and Management System ("ADAMS") and through the Electronic Hearing Docket ("EHD"). The index contains the ADAMS accession number, document date, and the document title for the documents in the hearing file.

Pursuant to 10 C.F.R. § 2.336(c), attached is also the Affidavit of Leslie Perkins, certifying that all relevant materials required by this section have been disclosed, and that the disclosures are accurate and complete as to documents identified by July 26, 2012.

The NRC Staff notes that it has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. § 2.336(b) and 10 C.F.R. § 2.1203 in this proceeding. In identifying these documents, the Staff does not concede their relevance to the license renewal issues to be decided in this proceeding.

Sincerely,

DECLARATION OF BRIAN E. HOLIAN

I, Brian E. Holian, do hereby state as follows:

1. I am employed as the Director of the Division of License Renewal (“DLR”) in the U.S. Nuclear Regulatory Commission’s (“NRC”) Office of Nuclear Reactor Regulation (“NRR”). My supervisory responsibilities include oversight of the NRC Staff’s review and evaluation of the Limerick Generating Station, Units 1 and 2 license renewal application.

2. As part of their responsibilities in updating the hearing file and mandatory disclosures for these proceedings, NRC staff members under my supervision identified documents as privileged because they contained information concerning the Staff’s pre-decisional deliberative process. The documents are listed in Attachment 2 to the submission of the Staff’s Hearing File Index, Update 1.

3. I have personally reviewed the documents identified as privileged in Attachment 2, and have determined, in accordance with the guidance set forth in Management Directive 3.4, that it contains pre-decisional information concerning the Staff’s review of the license renewal application. The documents contain either the Staff’s analyses, recommendations, opinions, or evaluations, and may not necessarily reflect the final agency position with respect to the matters

discussed therein. The documents comprise part of the deliberative process necessary for the Staff's review of the pending license renewal application.

4. Further, I have determined that disclosure of the documents could result in harm to the agency, in that it would (a) prematurely disclose the preliminary views of individual Staff members and/or the Staff prior to reaching a final agency decision, and could thus create confusion as to the actual policy or views of the NRC Staff; (b) hinder the efficiency of the Staff, in that forced disclosure of its internal discussions on an unresolved issue would tend to chill all future deliberations and would interfere with the Staff's ability to engage in a free exchange of opinions and analyses prior to publishing its final review documents; and (c) imply or suggest incorrectly that the opinions of the Staff members involved in these communications are actually the final decisions of the agency, while no such final decision has yet been made.

5. Accordingly, I formally invoke the deliberative process privilege with respect to the documents listed in Attachment 2 to the submission of the Staff's Hearing File Index, Update 1.

6. I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information and belief.

Executed in Accord with 10 CFR 2.304(d).
