I approve the staff's due date extension request for the Tier 1 notation vote paper on severe accident capable containment vents, with or without filters.

I disapprove the staff's request to subsume the future Tier 2 orders on emergency preparedness (EP) with the EP Tier 3 advanced notice of proposed rulemaking (ANPR). I share Commissioner Apostolakis's concern that the staff has not provided sufficient information to justify deviation from previous Commission direction on this Tier 2 activity.
