

Use of IPEEE for Screening

- NRC position divided into four categories
 - General Considerations
 - Focused Scope upgrades to Full Scope
 - Not available to Reduced Scope IPEEE submittals
 - Prerequisites
 - Verification criteria that must be completed to use IPEEE screening
 - Adequacy Demonstration
 - Demonstrate adequacy of structural models, screening, peer review ... with regard to NUREG 1407 & other guidance
 - Documentation
 - Document fulfillment of above criteria and conclusion that IPEEE is suitable for screening purposes
