PPL Susquehanna, LLC (PPL) submitted a request for an amendment to the Facility Operating Licenses (FOL) for Susquehanna Steam Electric Station, Units 1 and 2 in Reference (4). The proposed amendments requested NRC approval of the revised PPL Cyber Security Plan, revised Implementation Schedule and revised FOL Physical Protection license condition. In Reference (5), the NRC requested additional information. The requested information is provided in the attachment to this letter. PPL requests that the attachment, which contains security-related sensitive information, be withheld from public disclosure in accordance with 10 CFR 2.390.

The additional information does not impact the conclusions of the significant hazards evaluation.

There are no new regulatory commitments contained in this letter.

If you should have any questions regarding this submittal, please contact Mr. John L. Tripoli at (570) 542-3100.

I declare under penalty of perjury that the foregoing is true and correct.
