Bruce,

Send it to Traci to get it started. Also, email him back to remind him of the NUREG procedures.

Jack

Jack

Although this doesn't follow the procedures specified in the NUREG for requesting a license amendment; noting that the attachment requests us to "re-issue and/or update the license," should I forward this to Traci to process as an amendment request - or would you rather I email him back explaining that the company needs to follow the NUREG procedures and submit a written request?
