**BELL BEND NUCLEAR POWER PLANT
RETRANSMITTAL OF RESPONSES
TO RAIs 101 AND 106
BNP-2012-197 Docket No. 52-039**

Reference: BNP-2012-172, R. R. Sgarro (PPL Bell Bend, LLC) to U.S. NRC, "Responses to RAIs 101 AND 106," dated July 12, 2012

Via the referenced letter, PPL Bell Bend, LLC (PPL) transmitted proposed responses to NRC Requests for Additional Information (RAIs) 101 and 106. Enclosure 2 of the reference, which provided revised COLA content, was inadvertently omitted from that submittal. The purpose of this letter is to provide a new response to the subject RAIs which supersedes the referenced letter in its entirety.

RAIs 101 and 106 address Liquid Waste Management Systems, Gaseous Waste Management Systems, and Solid Waste Management Systems as discussed in Sections 11.02, 11.03, and 11.04 of Part 2 of the Bell Bend Nuclear Power Plant COLA.

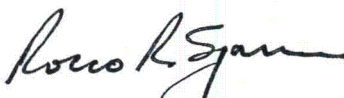

Enclosure 1 provides PPL's responses to RAI No. 101, Questions 11.02-2 through 11.02-5, 11.03-1, and 11.03-2; and RAI No. 106, Questions 11.02-6, 11.02-7, and 11.04-2, which include revised COLA content.

Enclosure 2 provides the revised COLA content, and will be included in a future revision of the BBNPP COLA. The future revision of the COLA is the only new regulatory commitment in this letter.

Should you have questions, please contact the undersigned at 610.774.7552.

I declare under penalty of perjury that the foregoing is true and correct.

Respectfully,

Rocco R. Sgarro

RRS/kw
