To: Docket, Hearing; Siarnacki, Anne
Subject: close Indian Point

Dear Ms. Siarnacki:

More than 1500 tons of radioactive waste is stored, unsecured, at Indian Point, where it has already leaked into the Hudson River. We cannot afford any more damage to our water supply, and there are plenty of other technologies to invest in that do not carry the proven dangers of either nuclear power or fossil fuels.

Sincerely,
V. Brandt
