Docket Number: ~~030-19011~~

Rev 03036181

Dear Mr Gallagher:

Pursuant to your email dated January 3, 2013, the following responses are provided in support our pending renewal application. Each response will correspond to the questions addressed in correspondence.

1. Cardiology Associates of Norwich, LLC is owned and operated by eight partners. Ting Li, M.D., PhD, is the Radiation Safety Officer and administrative representative. The Technical Director reports directly to Dr. Li, the Radiation Safety Officer and partners in the group. A structure of the business is provided in Attachment A. Please refer to this section for details.
2. Dr. Katz and Frederic West no longer work for Cardiology Associates of Norwich. Ting Li, M.D., PhD, will serve as both our radiation safety officer and administrative representative. All future regulatory correspondence should be forwarded to Dr Li at our mailing address. Dr. Li will sign all future correspondences that require a change in the radioactive material license.

As an alternate, Michael W. Lairmore, M.S. our medical physicist can be contacted by the NRC to discuss regulatory questions and/or concerns.

3. We confirm that management has reviewed the application and concurs with the statements, contents and representations contained therein.

If you have additional questions, regarding this submission, please contact Michael W. Lairmore, M.S. or myself. Mr. Lairmore may be reached at (201) 693-2277.

We thank you in advance for your assistance with this pending licensing action.

Sincerely,
