Subject: Draft Daily Notes on PIIC Tribal Meeting

On September 14, FSME staff joined by NMSS, OGC, and RIII staff held a Section 106 Tribal consultation meeting under the National Historic Preservation Act with three representatives from the Prairie Island Indian Community (PIIC). The main purpose of the meeting was to discuss the status of the Section 106 consultation and the environmental review under the National Environmental Policy Act (NEPA) for the Prairie Island Independent Spent Fuel Storage Installation license renewal application. In addition, staff discussed comments received from the PIIC on the draft Memorandum of Understanding (MOU) establishing the PIIC as a cooperating agency for the purpose of preparing the NEPA document in certain resource areas where PIIC has special expertise. The meeting was productive and the MOU is expected to be finalized in October.
