

March 14, 2013

The Honorable Kimberly D. Bose  
Secretary  
Federal Energy Regulatory Commission  
888 First Street, NE  
Washington, DC 20426

SUBJECT: NOTIFICATION OF THE AVAILABILITY OF THE COMBINED LICENSE  
APPLICATION FOR FERMI 3 IN ACCORDANCE WITH TITLE 10 OF THE *CODE  
OF FEDERAL REGULATIONS* 50.43 REQUIREMENTS

Dear Ms. Bose:

On September 18, 2008, Detroit Edison Company (Detroit Edison<sup>1</sup>) tendered a combined license (COL) application to construct and operate an Economic Simplified Boiling-Water Reactor (ESBWR) at the Fermi Nuclear Power Plant site located in Monroe County, Michigan. The reactor is identified as Fermi 3. The application is currently under review by the U.S. Nuclear Regulatory Commission (NRC) staff.

In that September 18, 2008, letter, Detroit Edison stated that it was submitting the COL application pursuant to the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) Part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants," Subpart C, "Combined Licenses," and requesting the associated materials licenses under 10 CFR Parts 30, 40, and 70. In addition, Detroit Edison stated that the COL application incorporates by reference Revision 4 of the GE-Hitachi Nuclear Energy Americas, LLC (GEH) application for the ESBWR Design Control Document (DCD) submitted on August 24, 2005. The NRC is currently reviewing the ESBWR DCD under Docket Number 52-010. Since the initial submission of the COL application, Detroit Edison has updated it to reference Revision 9 of the ESBWR DCD application.

In accordance with the requirements found in 10 CFR 50.43(a)(1), the staff is providing this written notification to you because the staff has determined that your agency may have jurisdiction over the rates and services that are incident to the possible licensing by the NRC of Fermi 3.

A copy of the application is available on the Internet at <http://www.nrc.gov/reactors/new-reactors/col.html>. The application is also available via the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at

---

<sup>1</sup> On December 21, 2012, the Detroit Edison company sent the NRC a letter indicating that, effective January 1, 2013, the name of the company would be changed to "DTE Electric Company." The legal entity will remain the same (see ML12361A437).

K. Bose
