Hi Phil,

Thank you for getting back to me. I think we might be too late to get a statement included. I wish I had been thinking about it and we could have raised the question with NRC OPA last week.

Have a great night!

Jean

No, I don't think Johnny would mind. Would you want to include or attribute any kind of statement to Johnny?

Great thank you for getting back to me Heather. Do you think he will mind having his name mentioned in the press? The individual at the NRC asking might have been thinking that some folks don't like there names to appear in the news. I was not thinking it would be a problem, especially with him being an elected official for the tribe. Just thought we would get a pulse from you on whether he would object to being mentioned in the release.

Thank you

As long as I have known him, that has been the name he uses, for official business, etc.

Hello to both of you. I am putting the finishing touches on the Press release and a question came up regarding Johnny Johnson. His name appears in the press release, The sentence reads " Mark Satorius, Director NRC FSME and PIIC Tribal Council President Johnny Johnson signed the MOU". The question is would he object to his name appearing in the press release.

Thank you for your attention to this.

Jean
