Good morning Gene,

I am in the office and available most of today. Tomorrow I am also in the office but my time is more scheduled and we would need to work around other meetings etc. If neither of these days work for you we can look at Wednesday or Thursday. My office number is 301-415-5137.

Attached are the list of topics that I sent to Jim Holthaus. Participants we anticipate are 2-3 NRC, 2 NRC contractors and 2-3 PIIC members.

I look forward to speaking with you further.

Jean

Jean

I am responsible for the coordination of your visit to Prairie Island. I would like to have a phone call with you early next week to discuss the details and logistics of your visit. If you provide me with times when you would be available I will set-up a phone conference.

Thanks

Gene Eckholt

Recipients Received:

- Site tour
 - the concrete pad,
 - the earthen berm,
 - the route for transportation of the casks to the pad,
 - Where the casks are delivered, stored and loaded.
 - Although not part of this licensing action I am interested in the location of the additional pads for the pad expansion and what actions will be needed to accommodate the additional pads.
- Visualize proximity of the PIIC
- Visualize proximity of the Mississippi River
- The facility terrain
- Discuss lead cask inspection results
- Discuss the aging management inspection/monitoring techniques of earthen berm, concrete pads, and casks.
