Heather,

We received a request from Jean to provide some information for their review in the ISFSI relicensing proceeding. One of the items requested was an electronic copy of the Cultural Management Resource Plan (CRMP). The request is to provide it directly to the NRC's consultant, along with a copy to Jean. Could you please let me know if you are comfortable with me providing an unredacted copy of the CRMP to Jean and the consultant? I will state in the cover letter to Jean that the entire CRMP is confidential so it does not end up in ADAMS. It is my understanding that this would be consistent with how the CRMP was provided in the Prairie Island Operating License Renewal proceeding.

Otherwise, if you prefer, I can provide a redacted copy of the CRMP eliminating all references and figures identifying the location of all tribal burial sites and any other information you identify as being culturally sensitive and not for public disclosure.

Please let me know how you would like me to proceed.
