Thanks Heather,

I have forwarded this information to my supervisor and we will begin to plan for this meeting. I will have the NRC participants mark their calendars for either Tuesday the 11th or Friday the 14th as possible dates to meet. It is most often the case that we meet with Tribal Council members during a consultation, is it your understanding that council member(s) will be traveling to Rockville for this meeting?

I look forward to talking to you later this week. Just as a heads up the number I gave you is our cell number and may be answered by my husband, Scott, if I am not available he will take a message. We are still working out the kinks of a land line after our move.

Have a great afternoon.

Jean

Hi Jean

I have attached the notice regarding the NRC spent fuel meeting on September 12 and 13; we were thinking about meeting with you on either side of the meeting (the 11th or 14th, we are still working on details).

I will call you later this week regarding the MOU; Phil is reviewing it ow.

Best regards,

Heather
