Not a problem Heather. I will wait for your input and then proceed with making additional arrangements for the meeting.

Jean

Jean

I hope to have an answer for you today. I apologize for the delay!

Heather

I have had one request from NMSS, the safety review folks, that is if it fits in your schedule they would prefer the meeting on Friday. They felt they could participate on Tuesday, but as they are the organizers of the spent fuel/transportation meeting you are coming to attend their focus will be split. Having the meeting on Friday will also provide an additional opportunity for you to ask clarifying questions regarding the spent fuel/transport information presented on the previous two days. With this said NMSS/NRC will accommodate the date that works best for the PIIC.
