Subject: Meeting November 5th

Good morning Heather,

I have been coordinating with NRC contractors (EJ and Cultural specialist, Eric Hollins and Randy Withrow, and the project PM) and have sketch out a plan that I hope you and I can firm up. I was thinking that we could travel Monday morning and meet in the afternoon on Monday. Meet again on Tuesday morning and tour the Reservation Tuesday afternoon.

During the meetings I would introduce you to the contractors and we could begin the process of working together on the EA. The contractors also hope to gain familiarity with the surrounding area, any insights you can provide are welcome.

A couple of planning considerations. We are all flying into St Paul so if it is easier to meet in St Paul and stay there on Monday night and travel to Prairie Island Tuesday after lunch we could do this. I suggest this in case Phil would be participating on Monday afternoon or Tuesday morning meeting, I am under the impression that he lives in the St. Paul area. Another option is to meet at Prairie Island on Monday afternoon and Tuesday.

Tuesday morning, at 10am, Randy and I have a meeting scheduled with Dave Mather, Archaeologist with State of MN, so Randy and I will not participate in the Tuesday morning meeting but would plan to participate in the Reservation tour on Tuesday afternoon.

For Wednesday I need the names of those who will participate in the ISFSI tour and afternoon meeting on site. If you could provide this information that would be helpful. Also, as an item of interest, Allan Barker is expected to be in the area participating in an inspection unrelated to our visit so we may see him around.

I think that covers it for now. Have a great day. Please let me know if you have any questions or suggestions on our tentative schedule.
