Here you are, thank you for your help.

The following figures would be helpful if NSPM could provide them in Adobe Illustrator or some vector graphic format so that we can revise as needed:

From the April 2008 PINGP LRA (*not* the ISFSI LRA) Figure 2.1-1 50-Mile Vicinity

- Figure 2.1-3 Exclusion Area Boundary
- Figure 2.8-1 Transportation System in Goodhue County

From the ISFSI SER

- Figure 1.3-1 ISFSI Site Plan (or a similar detailed ISFSI layout figure)

Also, if there is someone internally that could provide this figure in a similar format from NRC's SEIS that would be helpful:

- Figure 2-5. Lithology and Generalized Geologic Section for the Prairie Island Low Island Terrace (Source: Cowdery 1999).
