***** PLEASE RESPOND BY RETURN E-MAIL TO CONFIRM RECEIPT

Dr. Mustafa,

I response to your request to add Dr. Xuan Gen Chen as an authorized medical physicist, I will need some additional information. I have reviewed our database and found Dr. Chen listed as an AMP on License No. 29-02023-06, Amendment #14. This document did not contain the last page so I could not confirm the date that Dr. Chen was listed on the license. Therefore, please provide either the NRC License No. or a copy of an Agreement State License on which Dr. Chen is listed as an AMP. What I am looking for is the most recent license and if that license is authorized for the Nucletron MicroSelectron Model 106.99, even better.

In addition, Please provide a copy of the closeout survey that was performed prior to the relocation of the Hot Lab wall.

We will continue our review upon receipt of this information. Please reply to my attention at the Region I Office and refer to Mail Control No. 579891. If you have any technical questions regarding this deficiency letter, please contact me through my e-mail or call me at (610) 337-5272.

If we do not receive a reply from you within 30 calendar days from the date of this letter, we will assume that you do not wish to pursue your application.
