**Significant Change in
Facility Administration**

Re: Facility License R-56, Docket Number 50-83

As required by our Technical Specifications, Section 6.6.3, Paragraph (1), we are reporting a significant change in our facility organization at Level 1. Level 1 is the level responsible for the University of Florida Training Reactor (UFTR) facility's licenses, charter, and site administration. Dr. David Hintenlang has filled the Level 1 position, Interim Chairman of Nuclear and Radiological Engineering Department since September 2009. Effective January 15, 2013, Dr. Kelly Jordan is appointed Interim Chairman of Nuclear and Radiological Engineering Department, directing the educational and research mission of the facility and will be in charge of the administration of the facility as well. If further information is needed please let us know.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink that reads "Brian Shea".

Brian Shea
Reactor Manager UFTR

Copies: Dr. Kelly Jordan
Dr. David Hintenlang
