**I have reviewed the PerkinElmer Life Sciences license renewal application dated August 9, 2012, and request the information specified below so that I can complete my review:**

1. Please provide all manufacturer and model nos. for the Europium-152 and Barium-133 sources to be possessed under this license.
2. Please describe or provide the training discussed on Page 3 of your application dated August 9, 2012, which references "App G of this instructional set". I do not see an App G with this application.
3. Please identify by manufacturer, model no. and activity all Radium sources possessed under this license.
4. Please confirm that NVLAP accredited dosimetry will be used by PerkinElmer Life Sciences.
5. Confirm that PerkinElmer possesses appropriate survey instrumentation for the types and quantities of radioactive material possessed and used.
