**Subject:** Support Emergency Planning Petition

I wish to become a co-petitioner on the Petition for Rulemaking submitted February 15, 2012 by Public Citizen, Nuclear Information and Resource Service and 36 other organizations.

This petition would make substantial and necessary improvements in the Nuclear Regulatory Commission's emergency planning regulations.

Please inform me when this petition is docketed for public comment.

Or, better yet, shut down all existing nuclear facilities and don't build any new ones. (Sadly, humans, particularly Americans, are probably too selfish, ignorant and short-sighted to do that.)

Thank you.

Sincerely,

Christian Heinold
