RE: Section 106 Review of NRC Earthquake Reconnaissance along Cutbanks of the
Coldwater and Yocana Rivers, MDAH Project Log #01-078-13, Washington
County

Dear Mr. Case:

We have reviewed your request for a cultural resources assessment and concurrence of a No Adverse Effect finding, received on January 15, 2013, for the above referenced project in accordance with our responsibilities under Section 106 of the National Historic Preservation Act and 36 CFR Part 800. After review, while there are cultural resources within the project area, we concur that it is unlikely the sampling and reconnaissance will result in any adverse effects to historic properties. As such, we have no reservations with the undertaking.

If you have any questions, please call me at (601) 576-6538.

Sincerely,

A handwritten signature in cursive script, appearing to read "Greg Williamson".
