Dear Ms. Curran:

This is to thank you for your letter to the U.S. Nuclear Regulatory Commission dated February 26, 2013, providing your comments on the NRC public participation process. It is clear that you put a lot of time and effort into preparing it. Your comments have been provided to the Commission, posted on our public website, and will be made part of the record for the Commission meeting on public participation on January 31, 2013. I have also referred your letter to the Office of the General Counsel and Executive Director for Operations for consideration.

Sincerely,

/RA/
