Subject: Support Emergency Planning Petition

I wish to become a co-petitioner on the Petition for Rulemaking submitted February 15, 2012 by Public Citizen, Nuclear Information and Resource Service and 36 other organizations.

This petition would make substantial and necessary improvements in the Nuclear Regulatory Commission's emergency planning regulations.

I am extremely concerned about this issue. There is a nuclear reactor less than 50 miles from where I live and if something were to accidentally happen, millions of people could be harmed or killed. Please do what you can to increase emergency planning for nuclear reactors and expand the evacuation zones.

Please inform me when this petition is docketed for public comment. Thank you.

Sincerely,

Kevin Duffy
