2. 3-Year Decommissioning Cost Estimate (DCE) Review Extension
3. R.O.V. Technologies, Inc. Letter, Herein

Dear Mr. Ferdas:

R.O.V. Technologies, Inc. (ROV) 3-year review and revision, as needed, of our Decommissioning Cost Estimate (DCE) is due in April 2013. We respectfully request a short extension of the due date. We are in the process of scheduling a site visit by our consultant. Also impacting our schedule is our assessment of emerging waste compact issues related to the Waste Control Specialists disposal facility. At the current time, we expect submission of our DCE in June or July of 2013 and will advise you further of any additional unforeseen delay.

Please contact me at your convenience if you have any questions or if our proposed schedule may not be accommodated. Thank you for your consideration in this matter.

Very truly yours,

John J. Judge, Jr.
President / CEO
R.O.V. Technologies, Inc.
