**Subject:** Vote re Filtered Vents

I believe nuclear power production is a death sentence for our planet. So...

AT THE VERY LEAST, vote YES to require filtered vents for radiation on all Mark 1 And Mark II nuclear reactors, including Vermont Yankee.

A vote NO by the five politically appointed NRC Commissioners would be a vote to protect the nuclear industry's profit margins at the expense of public health and safety.  
And THAT would be CRIMINAL!

Sincerely,  
Judy Wood  
Granville, VT.
