**Subject:**

(NOTE: This will be used as the  
Documents Title in ADAMS)

Need additional information to complete the renewal as follows:

1. I need a statement that no byproduct materials remain at 273 Pepes Farm Road and indication if true that there was no leakage detected of sealed sources while in their possession. This would include a current leak test for the sealed sources transferred to 181 Research Drive.

2. Need a simple drawing of location where the sealed sources are stored at 181 Research Drive.

**Action Required: RSO indicated she did not know she needed a current leak test but will go back and do one of the sealed sources she transferred.**
