Good Morning Rosalyn,

Thank you for your prompt response and follow up phone message yesterday. My apologies for not replying directly but I had forwarded your email to our radiation consultant Sean Chapel of IRSC at his request. He did call last week and I believe had left another message yesterday so you may have already have spoken with him by the time that you receive this. I will touch base this morning in either case. Thank you.

Regards,

Forest

**Subject:** Exempt Distribution License/Sealed Source Device Registration

Mr. Hatcher,

We received your request for an exempt distribution license and a sealed source device registration along with check number 1037 in the amount of \$500.00. However, the application fees (10 CFR Part 170.21) for the exempt distribution license (fee category 3H) that you requested is \$4,300 and for the sealed source device registration (fee category 9A) is \$7,700. Therefore, fees in the amount of \$11,500 (less the \$500 received) must be submitted before the approval process for this license and registration can begin. If you need additional information, please do not hesitate to contact me.

Thank you,
