Docket No. 50-193

Dear Mr. Kennedy:

In response to your request for additional information regarding the Rhode Island Nuclear Science Center Reactor License Renewal, enclosure one is forwarded containing the answers to the questions. Enclosure two is the updated version of the Proposed Technical Specifications. Enclosure three is a CD that contains the input files for all of the computer code analysis that was done as part of the overall safety analysis for re-licensing. If there is anything else that you need in order to proceed forward with this project, please do not hesitate to contact me.

Very truly yours,

Michael J. Davis, Assistant Director  
Rhode Island Atomic Energy Commission

I certify under penalty of perjury that the representations made above are true and correct.
