RE: US Nuclear Regulatory Commission, NRC Earthquake Reconnaissance, counties unknown, Arkansas, Missouri and Tennessee.

Dear Mr. Case,

Thank you for the correspondence regarding the above referenced project. The Choctaw Nation of Oklahoma has historic areas of interest in various parts of Arkansas and Tennessee. Unfortunately the map that was sent along with the project notice was limited in detail. Please send our office topographic maps with county names, legal descriptions, as well as APE clearly delineated. This will allow us to be able to identify if the project areas are within the areas we have a historic interest in.

Please contact me with any question or concerns.

Sincerely,

Dr. Ian Thompson
