4/19/2013 (14:00) I contacted Mr. Furman and determined that the licensee did not want to maintain the license. Mr. Furman stated that he had sent the request to Craig Gordon of the NRC. Mr. Furman further stated that documentation of the transfer of devices to another licensee should be sent in when available so that the license could be terminated. I informed Mr. Furman that a request to terminate the license was not currently in the system. I requested that Mr. Furman send in the letter requesting termination of the license by fax so that a licensing action could be started. Mr. Furman agreed to fax in a request to terminate the license.
