Dear Mr. Atwater:

This is to acknowledge receipt of your letters to The Honorable Barbara Boxer and The Honorable Dianne Feinstein and The Honorable Darrell Issa dated March 19, 2013, in which you copied the NRC Chairman Allison Macfarlane concerning your support for Southern California Edison's Return to Service Action Plan to safely restart and operate the San Onofre Nuclear Generating Station Unit 2 (SONGS). Thank you for your input.

Sincerely,

/RA/
