AFFIDAVIT

I, Scott Head, being duly sworn, hereby depose and say that I am Manager, Regulatory Affairs, of the South Texas Project Units 3 & 4 (STP 3&4); that I am duly authorized to sign and file with the Nuclear Regulatory Commission (NRC) this affidavit on behalf of Nuclear Innovation North America LLC (NINA); and state:

1. I am authorized to execute this affidavit on behalf of NINA, Nuclear Innovation North America Investments Holdings LLC ("NINA Holdings"), Nuclear Innovation North America Investments LLC ("NINA Investments"), NINA Texas 3 LLC ("NINA 3") and NINA Texas 4 LLC ("NINA 4").
2. NINA 3 and NINA 4 are providing information to support the application for a Combined License for STP Units 3 & 4. The information being provided is located in Part 1 of the application and contains legal and financial information related to the ownership of STP Units 3 & 4. The application also contains proprietary commercial and financial information that should be held in confidence by the NRC pursuant to the policy reflected in 10 CFR2.390(a)(4), because:
 - i. This information is and has been withheld in confidence by NINA 3, NINA 4 and their affiliates.
 - ii. This information is of a type that is customarily held in confidence by NINA 3, NINA 4 and their affiliates, and there is a rational basis for doing so because the information contains sensitive legal and financial information concerning financing arrangements, project cost, and operating expenses of NINA 3 and NINA 4.
 - iii. This information is being transmitted to the NRC voluntarily, in confidence and under the provisions of 10 CFR2.390(a)(4) and it is to be received in confidence by the NRC.
 - iv. This information is not available in public sources and could not be gathered readily from other publicly available information.

- v. Public disclosure of this information would create substantial harm to the competitive position of NINA 3, NINA 4, and their affiliates by disclosing internal financial information.
3. The proprietary information related to the application is shown in Part 1 Tables 1.3-1, 1.3-2, 1.3-3, and 1.3-4 as provided in the attachment to this Affidavit and has been appropriately marked as proprietary.
4. The information has substantial commercial value. The information requested to be withheld reveals commercially valuable and sensitive information and information about financing arrangements. Public disclosure of this proprietary information is likely to cause substantial harm to the competitive position of NINA 3 and NINA 4, NINA Investments, NINA Holdings and NINA itself because it would enhance the ability of competitors to gain knowledge of our costs and our commercial strategies.
5. Accordingly, NINA 3 and NINA 4 request that the designated portion of the COLA be withheld from public disclosure pursuant to 10 CFR 2.390(a)(4).

SUMMARY OF PREFLIGHT EVALUATIONS

All submittal PDF files were prepared with Adobe Acrobat Version 8 using the current Job Options file provided by the NRC on its web site. All files passed the preflight check (using the latest NRC preflight profile provided on its web site) except a few files that contained scanned pages that were processed by the Acrobat Optical Character Recognition (OCR) process. In these cases, an error is generated for lack of embedded fonts in the files. This is due to the known and documented inability of Acrobat to embed the fonts in a scanned and OCR processed file.

SUMMARY OF CHANGES TO COLA PART 1

The following is a summary of changes incorporated into Revision 9 to the COLA.

1. On January 31, 2013, NINA provided a proposed update to COLA Part 1 to be incorporated into COLA Revision 9. All these changes were included in COLA Revision 9. These changes include:
 - Updates to the addresses of STP Nuclear Operating Company (STPNOC) and Nuclear Innovation North America (NINA).
 - The acquisition of Shaw Group by Chicago Bridge and Iron proposed to be completed in the first quarter of 2013.
 - An updated description of the NRG Energy generating assets. This was updated due to the NRG merger with GenOn Energy .
 - A discussion on entities that held more than 5% of the voting stock in NRG.
 - Update of Table 1.2-2, NRG Officers and Directors of NRG Energy Inc., which increased due to the NRG merger with GenOn Energy.
 - Routine update of Table 1.2-4, Trustees and Senior Executive Team of CPS Energy.
 - Routine update of Table 1.2-5, Officers and Directors of STP Nuclear Operating Company.
2. During the preparation of COLA Revision 9, three additional changes were identified and incorporated. These changes include:
 - Addition that the acquisition of Shaw Group by Chicago Bridge and Iron was completed in February 2013, as previously projected.
 - Updated the entities that held more than 5% of NRG Energy voting stock since Orbis Management (a foreign domiciled entity) reported that its holding of NRG Energy stock was reduced to 0% as of December 31, 2012, which eliminates this foreign investment in NRG Energy.
 - Update to Table 1.2-2, NRG Officers and Directors of NRG Energy Inc. to indicate that one Director who previously was not a US citizen had since obtained US citizenship .
 - Corrected the address for NINA on Table 1.2-1 and NINA Texas 3 and NINA Texas 4 on Table 1.2-3.
