Mr. Bhachu,

I noticed earlier that my first email attempt to you failed it appears that the file size with the attachment prevented it from coming through. When I resent that email it omitted my original text and the attachment. Hopefully this one works?

I did submit our annual registration renewal via certified mail (tracking # 7012 3460 0002 1337 2430) and signed for by M. Carnes on April 9th. I realize that our annual registration was submitted past due and received at your office on the same date that our past due notice was mailed, but I wanted to ensure that you have received our 2013 General License Renewal? Just to be sure I have also mailed a copy of our renewal via next day air to the following address:

Attn: Document Control Desk/GLTS
Director, Office of the Federal and State Materials and Environmental Management Programs
U.S. Nuclear Regulatory Commission
11545 Rockville Pike
Rockville, MD 20852-2738

Please let me know if there is anything further that I need to do?

Kind Regards,

Darin Clark | EHS Manager | Graphics and Reflective Solutions
