Subject: Request for additional information to add PET/CT bathroom and blood draw facility

(NOTE: This will be used as the
Documents Title in ADAMS)

UCHC sent in an amendment request to add a PET/CT bathroom and blood draw facility at 230 Farmington Avenue, Farmington, CT. The mobile PET/CT operations will fall under Insight Health Corporation under NRC license 22-29403-01, licensed out of Region III. No radioactive material will be used or stored at the 230 Farmington Avenue location, but there might be some possible bathroom contamination. I asked Mr. Price to confirm the following:

- 1) That the PET/CT patients will be releasable under 10 CFR 35.75;
- 2) That the PET/CT patients will not have any blood drawn following the F-18 administration;
- 3) That the 230 Farmington Avenue location is not an address of use of another NRC licensee;
- 4) What areas will be considered restricted as defined in 10 CFR 20.1003;
- 5) What kinds of surveys will be performed at the 230 Farmington Avenue location and the frequency; and
- 6) What kind of training will be provided (if applicable) to the staff working in the blood draw facility.

Action Required: Wait for additional information and then process amendment.
