Amy,  
AREVA submitted an Advanced response to RAI 564, Question 08.02-8 on March 1, 2013. We received some general NRC staff feedback at the DCWG on April 16<sup>th</sup> and more written comments via e-mail on April 24<sup>th</sup>. AREVA cannot provide an updated schedule for the final response to this question at this time. We believe that a public meeting is appropriate to discuss regulatory guidance and requirements prior to being able to provide a final schedule for this response. AREVA will provide a revised schedule for submittal of the final response to this question after the public meeting.

The schedule for a technically correct and complete final response to this question is provided below.

Attached please find the subject request for additional information (RAI). A draft of the RAI was provided to you on October 17, 2012, and on October 29, 2012 you informed us that the RAI is clear and no further clarification is needed. As result, no change is made to the draft RAI. The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAI question that cannot be answered within 30 days, it is expected that a date for receipt of this information will be provided to the staff within the 30-day period so that the staff can assess how this information will impact the published schedule.

Thank You,

Amy
