Subject: Vogtle Op test Appeal

Malcolm,

We've decided that an appeal panel would be the best approach to review the grading of the operating test. Don Jackson has volunteered to lead the effort with support from Region 4 (tentatively Gabe Apgar) and HQ (Dave Muller). The review panel would like to meet with the examiners, and is looking at next week (week of 6/25) or the week of 7/16, or sometime in August if those times don't work out. Can you check the availability of the guys that were involved and let Don know what would work out for you? Thanks,

Jack
