SUBJECT: UPDATE REGARDING PLANNED GOVERNMENT-TO-GOVERNMENT
MEETING CONCERNING LICENSING ACTIONS FOR PROPOSED URANIUM
RECOVERY PROJECTS

Dear Chairman Small:

On March 12, 2013, the U.S. Nuclear Regulatory Commission (NRC) sent a letter extending an invitation to you or your designated representatives for a one day government-to-government meeting on matters concerning licensing actions associated with proposed uranium recovery projects. The purpose of this government-to-government meeting is to discuss items of mutual interest related to NRC uranium recovery projects.

Since that time, we have received input to the preferred timeframe and location and have selected the date of May 23, 2013, in Rapid City, South Dakota. The majority of the time allotted for the meeting will be available for direct government-to-government consultation. Additionally, NRC management will be available to meet with tribal delegations in private meetings immediately following the government-to-government meeting and the morning of May 24, 2013.

If you are interested in attending this meeting or would like more information, please feel free to contact Ms. Jill Caverly of my staff. She can be reached at 301-415-6699 or at Jill.Caverly@nrc.gov. A complete listing of invited Tribes is enclosed (Enclosure 1). For your convenience, a list of current uranium recovery projects under review is also enclosed (Enclosure 2).

Sincerely,

/RA/

Larry W. Camper, Director
Division of Waste Management
and Environmental Protection
Office of Federal and State Materials
and Environmental Management Programs
