Subject: RE: KI Replenishment for North Carolina

Hi Amanda,

We are currently in the process of obtaining a contract and can't confirm a delivery date. Your KI expires in Sep/Oct 2014. I probably wouldn't place the order until May of 2014 in order for you to receive it a couple months prior to expiration date, unless you want it sooner. Although, in the past sometimes they have shipped it sooner than the 90 days. If you would like to hold off on sending me a delivery address for now that is fine. I really don't need it until I place the order which won't be until next year. For planning purposes I needed to contact the States now for planning/budget and getting a contract in place.

If you have additional questions, please feel free to call myself or Patricia Milligan.

Thank you,
Annette Stang

Annette - do you have a rough estimate of delivery? Our warehouse is going to be moving. I need the estimated delivery to determine the address. Thanks - Amanda

Hello,

The NRC is preparing to replenish expiring stockpiles of KI tablets. According to our records your State has 100,000 (65mg) tablets with lot numbers TU801A expiring in October of 2014 and 566,930 (130mg) tablets with lot numbers NDC 51803-00-03, YXQ7, expiring in September

2014. We are no longer supplying (130mg) tablets and will replace stockpiles with (65mg) tablets (2 per adult and 1 per child). We will replace your (130mg) tablets with 1,133,860 (65 mg) tablets. The NRC will replace the expiring stockpiles during fiscal year 2014. At this time, it is uncertain if NRC will be able to support any requests for increase tablet quantities. The tablets will be ordered to ensure timely replacement of expiring stockpiles. If your State wishes to participate in the NRC KI tablet replenishment, please respond with the delivery address, point of contact (including phone number) and any special delivery requests you have no later than May 31, 2013. Please note these tablets will not be shipped until 2014 to ensure timely replacement of your States expiring KI stockpiles. We will notify you prior to shipment of the tablets to enable you to make any preparations necessary for receipt of the shipment.

Thank you so much for your prompt attention to this matter. I look forward to your response. Please let me know if you have any questions.

Thank you,
Annette Stang
