On 4/15/13 I contacted S. Long to discuss the termination of the Braxton County Memorial Hospital. According to S. Long, the hospital closed their department on 3/27/13. Their plan is to contract with CDL to provide nuclear medicine services. Closeout surveys were completed following the department closure. I requested that S. Long provide the results of the survey and the last leak test results for their sealed sources. S. Long stated that CDL is going to take possession of the sealed sources.
